In the heart of medieval England, a serial killer stalks the land, leaving a trail of blood and terror in his wake. His victims are young women, their bodies found brutally murdered and posed in grotesque displays. The local authorities are baffled, and the people live in fear, terrified that they will be the next to die.

But one woman is determined to stop the killer. Aelthelflaed, a skilled healer and wise woman, has seen the darkness that lurks in the hearts of men. She knows that the killer is not just a monster, but a human being driven by a twisted desire. And she is the only one who can stop him.

Aelthelflaed's journey takes her through the dark underbelly of medieval England, where she encounters poverty, superstition, and violence. She

must use all of her skills and resources to track down the killer, and she must do so before he claims another victim.

As the body count rises, Aelthelflaed delves deeper into the killer's mind, trying to understand what drives him. She learns that he is not just a random killer, but a man with a specific target: women who are seen as witches or heretics.

Aelthelflaed's investigation leads her to the doorstep of a powerful lord, a man who is determined to rid the land of all who do not conform to his narrow view of Christianity. Aelthelflaed must now confront the killer, and the lord who protects him, in a final showdown that will determine the fate of the kingdom.
